Summary

I am an enthusiastic and detail-oriented M.Tech student in Network and Information Security at Pondicherry University, with a strong academic background in Computer Science (B.Sc. – University of Calcutta, M.Sc. – South Asian University). My research interests include cybersecurity, distributed systems, blockchain, and decentralized applications, with published work in international conferences. I enjoy tackling complex problems, from designing secure systems to building practical implementations in areas such as cryptography, networking, and distributed computing. I bring a balance of strong theoretical knowledge and hands-on project experience, making me eager to contribute to innovative research and industry projects in security and emerging technologies.

Skills

C programming, Python, Blockchain, Hyperledger, Network Engineering, Cloud Computing, Ethereum, Cryptography, Machine Learning, Natural Language Processing, Solidity, JavaScript, HTML, CSS, JavaScript, PHP, Java, Problem-solving, Teamwork and cooperation

Publication

- **S. Sharma, S. Mondal, S. Ishrat**, "Managing Multiple Identities of IoT Devices Using Blockchain," in *Soft Computing and Its Engineering Applications*, icSoftComp 2023, Communications in Computer and Information Science, vol 2031, Springer, Cham, 2024. DOI: [10.1007/978-3-031-53728-8_11](https://doi.org/10.1007/978-3-031-53728-8_11).

Education

Pondicherry University | Pondicherry, India
M.Tech. Network & Information Security | 06/2026
CGPA: 9.32 (Up to 2nd Semester)

South Asian University | New Delhi, Delhi
Masters of Science in Computer Science | 06/2023
Post-Graduate Thesis: [System for Managing Multiple Identities of IoT Devices using Blockchain](#).

Asutosh College (University of Calcutta) | Kolkata, West Bengal
Bachelor of Science in Computer Science (HONOURS) | 09/2021
Undergraduate Thesis: [Study machine learning and handling datasets using k-means and KNN algorithms and represent them on Python from scratch](#).

Berachampa Deulia Uchcha Vidyalaya | Deulia, West Bengal
Higher Secondary | 03/2018
Computer Science Project: [School Website - Create a website for my school using HTML as the final project in class 12](#).
